A New Heavy-Weight Champ: The PSP100-121 Pad

Sorbent Pad, Dimpled, Meltblown, White, Oil Only, 15" x 18", Heavy Weight, 100 per bale, High Loft Special

Dimpled absorbent mats combine a low-linting surface and cost savings. They absorb hydrocarbon-based fluids and repel water. These types of pads are most commonly used for everyday maintenance applications inside manufacturing/production facilities. A perforation helps reduce waste.
